

Violin and Piano lessons at Hazeldown

Would you like your child to try out learning violin or piano?

Lessons are fun as well as educational, and children will enjoy learning about rhythm, expression, technique, note reading and playing together.

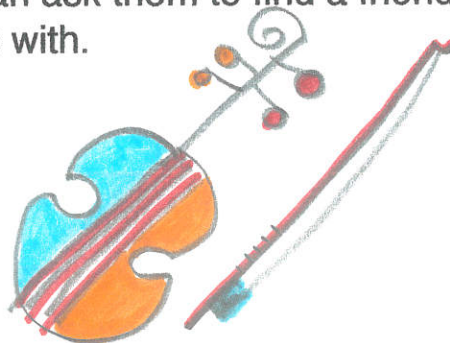

You can start with 5 starter lessons to see if they enjoy it if you like. These can be individual, or you can ask them to find a friend the same age to have shared lessons with.

The cost of lessons is:

20 mins shared £8

20 mins £10.50

30 mins £16

After that, for those who are keen to continue there are usually ten lessons per school term. Times are rotated to ensure class lessons are not compromised, and your child would be collected from their classroom for the lesson.

The violinists enjoy playing together in a group for some of the school concerts (you may have seen them up there!) and I would love to have the pianists perform together on the big piano.
